

## **Churchdown Scout Group Data Retention Policy**

#### Notes:

Where possible, personal and sensitive (special category) data should be anonymised as soon as appropriate if to be retained for analysis or statistical purposes.

The retention of safeguarding data is handled by the Scouts UK Headquarters as part of the safeguarding procedures and no data should be retained locally. This should be in line with the Scouts 'Young People First', District Commissioner Procedures <a href="https://members.scouts.org.uk/documents/supportandresources/Safeguarding/CP%20Procedures%2">https://members.scouts.org.uk/documents/supportandresources/Safeguarding/CP%20Procedures%2</a>

Any incidents that have required medical intervention should be reported to the Scouts Information Centre for alignment to an incident category and to manage the process.

Adult & helper appointment data is handled by the Scouts UK Headquarters and they are the data manager for this data. The above policy covers data held locally at group level to manage Churchdown Scout Group and it's sections.

The Explorer section falls under Gloucester Scout District and is not covered by this policy.

The policy is segregated into the different types of data subjects you may be the date controller for. Each section then specifies the data processes used for each of the data sets.
